EnerNOC Ranked Among Fastest Growing Companies in North America on Deloitte's 2012 Technology Fast 500(TM)

Attributes 371 Percent Revenue Growth to Expanded Market Opportunities for Enterprise-Class Energy Management

BOSTON, Nov. 26, 2012 (GLOBE NEWSWIRE) -- EnerNOC, Inc. (Nasdaq:ENOC), a global provider of enterprise-class energy management applications and services, today announced it ranked 228th on Deloitte's Technology Fast 500TM, a ranking of the 500 fastest growing technology, media, telecommunications, life sciences, and clean technology companies in North America. EnerNOC grew 371 percent during this period.

EnerNOC's chief executive officer, Tim Healy, credits increased interest in enterprise-class energy management, broader geographic demand, and positive pricing trends for the company's 371% revenue growth.

"We are proud to honor the 2012 Technology Fast 500TM companies, and commend them for their outstanding growth," said Eric Openshaw, vice chairman, Deloitte LLP and U.S. technology, media and telecommunications (TMT) leader. "These ground-breaking companies have outpaced their competition and are reinventing the way we do business today."

"The companies on the Fast 500 list are among those that have demonstrated remarkable innovation, creativity and business savvy," said Bill Ribaudo partner, Deloitte & Touche LLP and national TMT leader for audit and enterprise risk services (AERS). "As a result, these companies have continued to successfully forge ahead in a challenging economic environment. We applaud the leadership and employees of EnerNOC for this impressive accomplishment."

Overall, 2012 Technology Fast 500TM companies achieved revenue growth ranging from 128 percent to 279,684 percent from 2007 to 2011, with an average growth of 2,774 percent.

About Deloitte's 2012 Technology Fast 500TM

Technology Fast 500, conducted by Deloitte & Touche LLP, provides a ranking of the fastest growing technology, media, telecommunications, life sciences and clean technology companies — both public and private - in North America. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2007 to 2011.

In order to be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company's operating revenues. Companies must have base-year operating revenues of at least \$50,000 USD or CD, and current-year operating revenues of at least \$5 million USD or CD. Additionally, companies must be in business for a minimum of five years, and be headquartered within North America.

About EnerNOC

EnerNOC unlocks the full value of energy management for our utility and commercial, institutional, and industrial (C&I) customers by reducing real-time demand for electricity, increasing energy efficiency, improving energy supply transparency in competitive markets, and mitigating emissions. EnerNOC serves thousands of commercial, institutional, and industrial customers worldwide through its suite of energy management applications including: DemandSMARTTM, comprehensive demand response; EfficiencySMARTTM, continuous energy savings; SupplySMARTTM, energy price and risk management; and CarbonSMARTTM, enterprise carbon management. EnerNOC's Utility SolutionsTM offerings, which include Program Implementation and Consulting services, have helped hundreds of utilities and grid operators worldwide meet their demand-side management objectives. Our Network Operations Center (NOC) offers 24x7x365 customer support. For more information, visit www.enernoc.com.
