## **EnerNOC Wins Platts Industry Leadership Award**

### **EnerNOC Recognized for Transformative Position in Energy Industry**

BOSTON, Dec. 3, 2012 (GLOBE NEWSWIRE) -- [EnerNOC, Inc.](http://www.enernoc.com) (Nasdaq:ENOC), a leading provider of energy management applications for the smart grid, is honored to be named winner of the Industry Leadership category at the Platts Global Energy Awards. Winners were determined by an independent panel of judges and announced last night at the 2012 Global Energy Awards black-tie dinner gala at the Cipriani Wall Street in New York City. The Platts Global Energy Awards, now in their 14<sup>th</sup> year, recognize those who have transcended the status quo in the name of excellence in leadership, innovation, and performance in the energy industry.

The Platts Industry Leadership Award is given to a company that has taken decisive action that results in a substantial transformation in the energy industry. EnerNOC was recognized for empowering a new level of intelligent energy management through its cloud-based energy management solutions, being a prominent advocate for practical and responsible energy legislation, and driving best practices throughout the energy management industry through its EnergySMART Conference. EnerNOC is also one of the largest clean tech employers in the Commonwealth of Massachusetts.

EnerNOC's Chairman and CEO, Tim Healy, received the Award last night on behalf of the company. "EnerNOC is honored and humbled to receive this prestigious recognition," said Mr. Healy. "Our mission is to change the way the world uses energy, and while we celebrate this award, our sights are set on even greater achievements in 2013. Our team is focused on driving value for our customers by creating even more favorable markets for demand response and energy efficiency, harnessing the power of big data analytics to find energy savings, and developing the technology that will transform the way people manage energy."

This award is the latest in a series of distinctions. Earlier this month, EnerNOC was named the New England Clean Energy Council's Employer of the Year and was ranked among the "Fastest Growing Companies in North America" on Deloitte's 2012 Technology Fast 500. In September, Tim Healy was named "CEO of the Year" by the Massachusetts Technology Leadership Council (MassTLC). EnerNOC was also a Finalist in two additional categories in the 2012 Platts Award series: Chief Executive Officer and Strategic Deal.

### **About EnerNOC**

EnerNOC unlocks the full value of energy management for our utility and commercial, institutional, and industrial (C&I) customers by delivering a comprehensive suite of demand-side management services that reduce real-time demand for electricity, increase energy efficiency, improve energy supply transparency in competitive markets, and mitigate emissions. EnerNOC's Utility Solutions™ offerings, which include both Implementation and Consulting services, are helping hundreds of utilities and grid operators worldwide meet their demand-side management objectives. EnerNOC serves thousands of commercial, institutional, and industrial customers worldwide through its suite of energy management applications including: DemandSMART™, comprehensive demand response; EfficiencySMART™, continuous energy savings; SupplySMART™, energy price and risk management; and CarbonSMART™, enterprise carbon management. Our Network Operations Center (NOC) offers 24x7x365 customer support. For more information, visit [www.enernoc.com](http://www.enernoc.com).
