EnerNOC EnergySMART 2014 Conference to Feature Keynote Speakers From Microsoft, MGM Resorts, Harvard University

March 2014 Event to Convene Global Energy Management Leaders in Philadelphia

BOSTON, Oct. 31, 2013 (GLOBE NEWSWIRE) -- [EnerNOC, Inc.](#) (Nasdaq:ENOC), a leading provider of energy intelligence software, today announced its initial speaker line-up for its global 2014 EnergySMART conference that will bring together the world's leading energy management innovators and practitioners across technology, engineering, finance, corporate sustainability, and policy. The conference kicks off March 25 at the Pennsylvania Convention Center in Philadelphia, PA, and runs through March 27.

The conference will feature keynote presentations from:

- Paul Cicio, President of Industrial Energy Consumers of America
- Heather Henriksen, Director of the Office for Sustainability at Harvard University
- Mark "Puck" Mykleby, Retired USMC Colonel and Senior Fellow at the New America Foundation
- Cindy Ortega, Senior Vice President and Chief Sustainability Officer at MGM Resorts International
- Al Skodowski, Chairman of the U.S. Green Building Council Board of Directors and Senior Vice President — Managing Director of LEED and Sustainability at Transwestern
- Darrell Smith, Director of Facilities and Energy at Microsoft

In addition, the EnergySMART 2014 conference will include speakers from Boeing, General Electric's ecomagination initiative, Blommer Chocolate, UL DQS Inc., Southeastern Container, Shelton Group, Alliance to Save Energy, and North Penn School District.

EnergySMART covers the full spectrum of energy management strategies for commercial, institutional, and industrial customers, including demand response, energy efficiency, and energy supply management. The conference is designed for professionals who have accountability for managing energy within their organization. Sessions will be organized along three tracks: Commercial & Institutional; Industrial & Manufacturing; and EnerNOC U, focused on maximizing value for existing users of EnerNOC's products and expertise.

The early bird rate for EnergySMART 2014 ends November 15. To learn more about the conference, register as an attendee, or explore sponsorship opportunities, please visit the EnergySMART conference website at energysmartconference.com.

About EnerNOC

EnerNOC is a leading provider of energy intelligence software and related solutions. EnerNOC unlocks the full value of energy management for utility and commercial, institutional, and industrial (C&I) customers by delivering a comprehensive suite of demand-side management services that reduce real-time demand for electricity, increase energy efficiency, improve energy supply transparency in competitive markets, and mitigate emissions. EnerNOC's Utility Solutions™ offerings, which include both implementation and consulting services, are helping hundreds of utilities and grid operators worldwide meet their demand-side management objectives. EnerNOC serves thousands of commercial, institutional, and industrial customers worldwide through a suite of energy management applications including: DemandSMART™, comprehensive demand response; EfficiencySMART™, continuous energy savings; and SupplySMART™, energy price and risk management. EnerNOC's Network Operations Center (NOC) offers 24x7x365 customer support. For more information, visit www.enernoc.com.
