## **Global EnergySMART 2015 Conference to Feature Speakers From General Electric, MGM Resorts, Oakland Athletics, Walgreens**

### **March 2015 Event to Convene Global Energy Management Leaders in Philadelphia**

BOSTON, Oct. 30, 2014 (GLOBE NEWSWIRE) -- [EnerNOC, Inc.](#) (Nasdaq:ENOC), a leading provider of energy intelligence software (EIS), today announced initial speakers for the EnergySMART 2015, the global conference that brings together the world's leading energy management innovators and practitioners across technology, engineering, finance, operations, corporate sustainability, and policy. The conference kicks off March 24, 2015 at the Pennsylvania Convention Center in Philadelphia, PA, and runs through March 26.

The conference will feature keynote presentations from:

- Jayson Antonoff, U.S. Director, Global Buildings Performance Network Technical Director, City Energy Project, Institute for Market Transformation
- Billy Beane, General Manager, Oakland Athletics
- Annie Duke, public speaker and former professional poker player
- Cindy Ortega, Chief Sustainability Officer at MGM Resorts International
- Colonel Paul Roege, Senior Program Manager, Idaho National Laboratory

In addition, the EnergySMART 2015 conference will include speakers from Behringer Harvard, Blommer Chocolate, General Electric, Merck, National Energy Management Institute, the U.S. Green Building Council, and Walgreens.

EnergySMART covers the full spectrum of energy management strategies for the enterprise, including energy intelligence software and the benefits of a data-driven approach, energy efficiency, energy supply management, and demand response. The conference is designed for professionals who have accountability for managing energy within their organization. Sessions will be organized along three tracks: Commercial & Institutional; Industrial & Manufacturing; and EnerNOC U, focused on maximizing value from EnerNOC's products and expertise. The conference also features content targeted toward utility professionals and C-level executives.

Registration is now open for EnergySMART 2015 at the early bird rate of \$500. To learn more about the conference, register as an attendee, or explore sponsorship opportunities, please visit the EnergySMART conference website at <http://energysmartconference.com>.

### **About EnerNOC**

EnerNOC is a leading provider of cloud-based energy intelligence software (EIS) and services to thousands of enterprise customers and utilities globally. EnerNOC's EIS solutions for enterprise customers improve energy productivity by optimizing how they buy, how much they use, and when they use energy. EIS for enterprise includes supply management, utility bill management, facility optimization, visibility and reporting, project management, demand management, and demand response. EnerNOC's EIS solutions for utilities help maximize the value of demand-side resources, including fully outsourced and utility-managed demand response and energy efficiency programs that drive customer engagement. EnerNOC supports customer success with its world-class professional services team and a Network Operations Center (NOC) staffed 24x7x365.
