EnerNOC to Release First Quarter Financial Results on May 8, 2014

BOSTON, April 15, 2014 (GLOBE NEWSWIRE) -- EnerNOC, Inc. (Nasdaq:ENOC), a leading provider of energy intelligence software (EIS), today announced that it will release financial results for the first quarter of 2014 on Thursday, May 8, 2014 after the market closes. The Company's management team plans to host a live conference call and webcast at 5:00 p.m. eastern time on that day to discuss financial results as well as management's outlook for the business.

The conference call may be accessed in the United States by dialing 1.800.230.1074 and using access code "ENOC". The conference call may be accessed outside of the United States by dialing +1.612.234.9960 and using access code "ENOC". The conference call will be simultaneously webcast on the Company's investor relations website, which can be accessed at http://investor.enernoc.com.

A replay of the conference call will be available approximately two hours after the call by dialing 1.800.475.6701 or +1.320.365.3844 and using access code 324498 or by accessing the webcast replay on the Company's investor relations website.

About EnerNOC

EnerNOC (Nasdaq:ENOC) is a leading provider of energy intelligence software (EIS). Thousands of enterprises worldwide use EnerNOC applications and professional services to bring new clarity to how they buy energy, how much they consume, and when they use it to drive operational efficiency, improve productivity, and manage energy expenses. EnerNOC's suite of EIS applications for the enterprise include: SupplySMART™, energy supply and utility bill management applications; EfficiencySMART™, energy consumption and energy project management applications; and DemandSMART™, demand response and demand management applications. Hundreds of utilities and grid operators worldwide rely on EnerNOC applications to meet demand-side management objectives, enhance grid reliability, and provide cost-effective alternatives to traditional power supply resources. EnerNOC's applications for utilities include EnerNOC Demand Resource™, a capacity based agreement that provides utilities an assured level of load reduction delivered by EnerNOC on a turnkey, fully outsourced basis, and EnerNOC Demand Manager™, software-as-a-service (SaaS) that provides utilities and retailers with the tools to manage their demand response programs. EnerNOC's Network Operations Center (NOC) offers 24x7x365 customer support. For more information, visit www.enernoc.com.
