EnerNOC Announces Call for Nominations for 2015 Energy Innovator Award

BOSTON, Jan. 29, 2015 (GLOBE NEWSWIRE) -- [EnerNOC, Inc.](#) (Nasdaq:ENOC), a leading provider of energy intelligence software (EIS), announced today that it is accepting nominations for its EnergySMART Energy Innovator award. The Energy Innovator award recognizes individuals from organizations who have used insights from energy intelligence software to take action and improve an energy management program. Winners will be announced at the global EnergySMART 2015 conference in Philadelphia, PA, March 24-26 at the Pennsylvania Convention Center.

"The EnergySMART conference celebrates innovation in energy management at all levels of the enterprise, and across industries," said Fielder Hiss, Vice President of Marketing and Product Management at EnerNOC. "We designed the Energy Innovator award to recognize those individuals who not only use technology to maintain a competitive edge, identify savings, and drive operational efficiency, but also go the extra mile and take a truly innovative approach to energy management."

Nominations are open to all utilities and commercial, industrial, and institutional energy users. Submissions will be evaluated based on nomination strength, innovative approach, and overall impact.

EnergySMART covers the full spectrum of energy management best practices. Sessions will be organized along four tracks: Commercial & Institutional; Industrial & Manufacturing; Utility; and EnerNOC U, focused on maximizing value from EnerNOC's products and expertise. The conference also features content targeted toward C-level executives.
